**DD ME/NH/VT** from Diane Clairmont

One of our newer ladies in our district's mom has had a fracture of her arm. Robin Masters could use everyone's support - (I received this today):

Mom is still in the hospital. She has a compound spiral fracture of her right humerus (arm) and they've decided she doesn't need surgery. They are sending her to rehab for two weeks and because of Covid we can't go see her. She seems ok and is rolling with the punches. I'm concerned for when she gets home. She seems to be struggling to take care of herself these days and I'm hoping they evaluate her for assisted living before she leaves rehab. I'm truly concerned for her safety. You can share this with the girls. I'm an only child so words of support would be so welcomed. Robin's address is: 157 Winnacunnet Road, Unit 2, Hampton, NH USA 03842

Corinna Grubbs had a revision of the left knee on October 20. Corinna is receiving home physical therapy and nursing during her recuperation period of 6 weeks. Please send get well wishes to Corinna: Corinna Grubbs, 13 Pennsville, Connellsville, PA 15425.

Shirley Lentz and husband went on vacation to Myrtle Beach SC early October. It has become an extended vacation when Don became ill from complications of a kidney stone which landed him in the SC hospital. Don has required two hospital admissions to care for infections. Please feel free to send cards to Don. PS, Shirley could also use a card of encouragement. Please send cards to home address, since they are uncertain how soon they will return home. Thank you  
Don Lentz, 1360 Mountain Dr, Fredericksburg, PA 17026

~THANKS~

**MO** from Cyndi Lene

From Brenda Thompson - Good Morning. Can you please pass on to my Motormaid sisters how grateful I am for the many cards, letters, and emails they have sent to me in the past few months. Most of all I appreciate the many prayers that were lifted up on my behalf. My cancer procedure was a success and now I begin a follow up protocol checking my kidney every six months. It's hard to put into words how much love I have felt from my sisters. It's like they all put their arms around me giving me big hug making me feel protected. May God bless you all tenfold.  
Blessings, Brenda

Respectfully,

Marianne McBride
