~CONCERNS~

AL from Genevieve Cooke

While on a solo motorcycle adventure in CO, Laura Craig got news that her beloved Mike Peeples was in a terrible head-on crash with a car on a curve in AR. She flew to AR and learned the extent of his injuries: "Terrible compound fracture in femur of left leg. Femur also broken at hip. He also had an artery damaged at the compound fracture. Compound fracture in left humerus and break where it connects to elbow. Nerve damage in that arm. More compound fractures and other broken bones in left foot than I can name. Nerve damage in foot. Right tibia broken where it connects in the knee cap. 5 broken ribs. WHEW!"

After several surgeries Mike and Laura are now in TX where there is family support. "Mike is improving a bit each day but has a very long road ahead. He'll be non-weight bearing on 3 limbs for at least 2 more months. He's now in the hospital here in Abilene, waiting on a room at a rehab center."

Laura is currently staying with Mike's son and family. Understandably she's "exhausted, worried and feeling pretty lost." Get well wishes for Mike Peeples and encouragement for Laura Craig can be sent to them at: 1202 Lytle Cove Road / Abilene, Tx 79602.

A GO FUND ME account has been established to help with the plethora of expenses during Mike's protracted recovery: <https://gf.me/u/ymirm>
