

ACMM Photo Contest 2014 (2/5)

By Janet Gallagher (and Scalli) – an educational and promotional theme about Atlantic Canada

Atlantic Canada motor maids are fortunate to be near water wherever they travel. This view is in St. Martins looking at the famous Bay of Fundy.

We have lots of trees, big trees, and lumber.

**We have lots of lumber
mills in NB.**

And all those trees make for some beautiful fall colors for bikers to enjoy.

Colorful lupins line the roads and fill the fields in spring.

We have many scenic routes in all three Maritime provinces.

Trans Canada highway - divided highway

Rural routes are two way and we share the roads with lots of trucks.

You can find some overpasses, especially on the highway when it is time to dig out the rain gear.

We have lots of wide open spaces as well - not just trees and water.

Lots of green space and parks for recreation.

coltech

Yes, we have dirt roads as well.

There are many attractions for you to see in Atlantic Canada, including the scenic Fundy Trail near Moncton, NB

It is a MUST SEE for bikers.

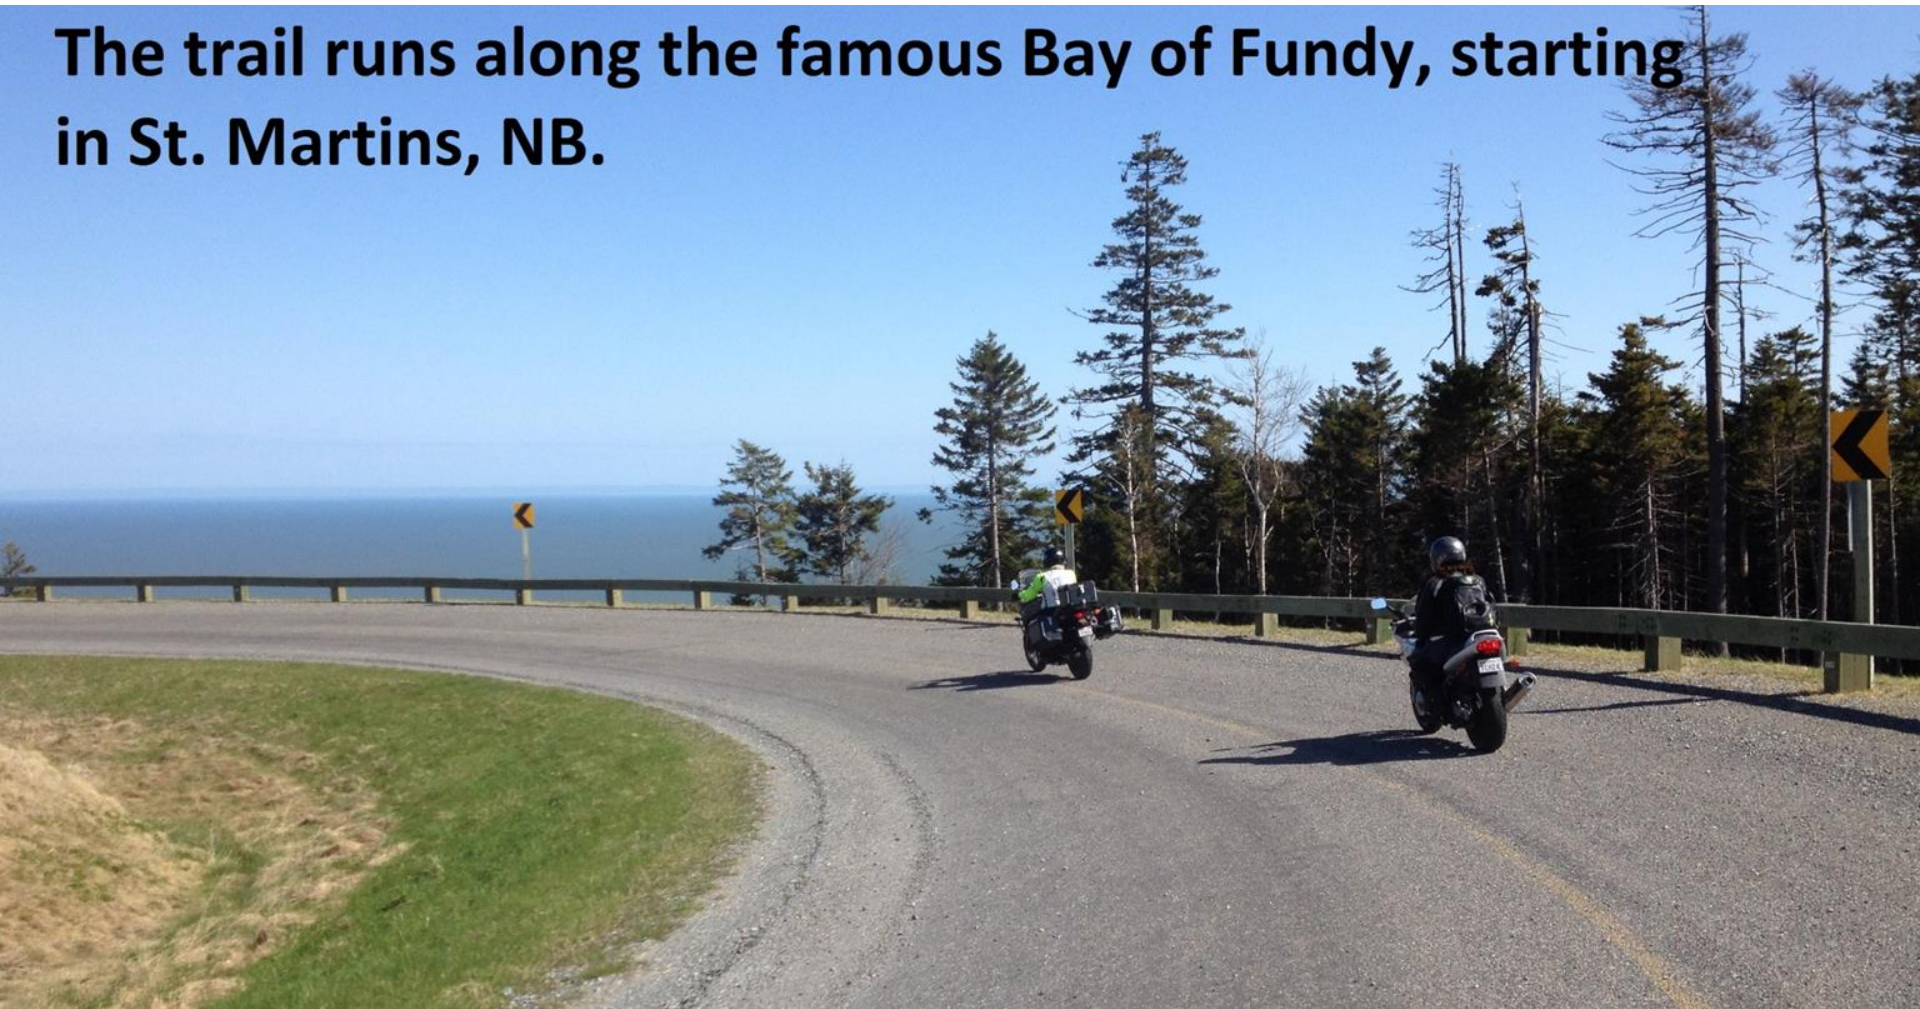

The views are spectacular.

The rugged terrain, steep hills and sharp turns make the trail very interesting.

The trail runs along the famous Bay of Fundy, starting in St. Martins, NB.

**You will find many
beaches throughout
the Maritimes and
warm waters.**
